Technical Data Sheet

Integrity Testing Device **BECO[®] MAX**₂

BECO MAX₂ provides integrity testing for unparalleled accuracy and decision-making. An easy-to-use keypad and backlit 4-line display automatically tests the integrity of membrane filter cartridges.

The water-resistant, stainless steel housing protects the device from splashes of water and delivers long-lasting battery life. The spiral coiled tubes allow the user to easily connect the device in hard to reach places.

Save and print up to 10 programs and 40 performance data.

Input values, single input:

- Testing pressure
- Stabilizing time
- Testing time
- Max. admissible pressure drop
- Medium- and housing data

The testing device is capable of measuring membrane cartridges in small-volume housings (< 0.9 gal (< 3.5 I)) as well as large-volume housings (0.9 - 40 gal/ 3.5 - 150 I).

Technical Data

- Housing material: stainless steel AISI 304
- Splash water proof IP55
- Backlit 4-line display
- Languages available: German, English, French, Italian, Spanish, Danish or Swedish (on request)
- Measuring range 9.5 40 psi (650 2,800 mbar)
- Battery: NimH 7.2 V, 4.5 Ah
- Ambient temperature 41 104 °F (5 40 °C)
- Rel. humidity 0 80%
- Lock clutch and plug nipple Rectus DN 7.2

Scope of Supply

- Integrity testing device for fully automatic measurement of diaphragm filter cartridges
- Padded plastic transport box
- Power supply unit, battery recharge unit
- Input keypad
- Data cable
- Dot matrix printer with power supply unit, printer cable, spare paper rolls (2.24" (57 mm)) and spare ink ribbon
- Documentation (operating manual, calibration certificate)

Delivery Information

Article No.: P5001000

HS Customs Tariff: 8421 99 00

North America 44 Apple Street Tinton Falls, NJ 07724 Toll Free: 800 656-3344 (North America only) Tel: +1 732 212-4700

Europe/Africa/Middle East
