

## CLASSIC On/Off Valve Systems – overview

**Angle-seat valve  
On/Off CLASSIC  
system  
Type 8801-YA**

**Globe valve  
On/Off CLASSIC  
system  
Type 8801-GA**

**Diaphragm valve  
On/Off CLASSIC  
system  
Type 8801-DB**

**T valve  
On/Off CLASSIC  
system  
Type 8801-TA**

**Tank bottom valve  
On/Off CLASSIC  
system  
Type 8801-DG**

The design of the System Type 8801 On/Off CLASSIC enables the easy integration of automation modules whether they are electrical/optical position feedback, pneumatic control units, an optional integrated fieldbus interface or even an explosion proof control head.

The fully integrated system with valve and automation system has a compact and smooth design and IP65/67/NEMA4X protection class.

## Ordering information for valve system On/Off CLASSIC Type 8801-YA

A valve system On/Off CLASSIC Type 8801-YA consists of an angle-seat valve Type 2000 and a valve actuation system control head Type 8691, a pneumatic control unit Type 8690 or feedback Type 8697 (see separate datasheets).

You order two components and receive a complete assembled and certified valve.

Click on the orange box "More info." below... you will come to our website for the resp. product where you can download the datasheet.

### Ordering the valve system On/Off CLASSIC Type 8801-YA

Angle-seat valve Type 2000	Control head Type 8691	Pneum. control unit Type 8690	Feedback Type 8697

<p>For the configuration of further valve systems please use the "Request for quotation" in the datasheet 2000_8801-YA, welded, threaded or clamp version</p>			

## Ordering information for valve system On/Off CLASSIC Type 8801-GA-GA

A valve system On/Off CLASSIC Type 8801-GA consists of an globe valve **Type 2012** and a valve actuation system control head **Type 8691**, a pneumatic control unit **Type 8690** or feedback **Type 8697** (see separate datasheets).

You order two components and receive a complete assembled and certified valve.

Click on the orange box "More info." below... you will come to our website for the resp. product where you can download the datasheet.

### Ordering the valve system On/Off CLASSIC Type 8801-GA

Globe valve Type 2012	Control head Type 8691	Pneum. control unit Type 8690	Feedback Type 8697

	<b>Type 8801-GA-H</b> 2012 + 8691	<b>Type 8801-GA-K</b> 2012 + 8690	<b>Type 8801-GA-U</b> 2012 + 8697
For the configuration of further valve systems please use the "Request for quotation" in the datasheet 2012_8801-GA			

## Ordering information for valve system On/Off CLASSIC Type 8801-DB

A valve system On/Off CLASSIC Type 8801-DB/8803-DB consists of a diaphragm valve Type 2031 and a valve actuation system control head Type 8691, a pneumatic control unit Type 8690 or feedback Type 8697 (see separate datasheets).

You order two components and receive a complete assembled and certified valve.

Click on the orange box "More info." below... you will come to our website for the resp. product where you can download the datasheet.

### Ordering the valve system On/Off CLASSIC Type 8801-DB

Diaphragm valve Type 2031 forged, cast or GP	Control head Type 8691	Pneum. control unit Type 8690	Feedback Type 8697
 <p style="font-size: small;">Weld      Clamp</p>

<p style="font-size: small;">For the configuration of further valve systems please use the "Request for quotation" in the datasheet 2031_8801-DB forged, cast or GP</p>			

## Ordering information for valve system On/Off CLASSIC Type 8801-TA

A valve system On/Off CLASSIC Type 8801-TA consists of a T valve **Type 2032** and a valve actuation system control head **Type 8691**, a pneumatic control unit **Type 8690** or feedback **Type 8697** (see separate datasheets).

You order two components and receive a complete assembled and certified valve.

Click on the orange box "More info." below... you will come to our website for the resp. product where you can download the datasheet.

**Ordering the valve system On/Off CLASSIC Type 8801-TA**

--	---

For the configuration of further valve systems please use the "Request for quotation" in the datasheet 2032\_8801-TA

## Ordering information for valve system On/Off CLASSIC Type 8801-DG/8803-DG

A valve system On/Off CLASSIC Type 8801-DG/8803-DG consists of a tank bottom valve Type 2033 and a valve actuation system control head Type 8691, a pneumatic control unit Type 8690 or feedback Type 8697 (see separate datasheets).

You order two components and receive a complete assembled and certified valve.

Click on the orange box "More info." below... you will come to our website for the resp. product where you can download the datasheet.

### Ordering the valve system On/Off CLASSIC Type 8801-DG

<p><b>Tank bottom valve</b> Type 2033</p>  <p style="background-color: orange; color: white; padding: 2px; display: inline-block;">More info.</p>	<p><b>Control head</b> Type 8691</p>  <p style="background-color: orange; color: white; padding: 2px; display: inline-block;">More info.</p>	<p><b>Pneum. control unit</b> Type 8690</p>  <p style="background-color: orange; color: white; padding: 2px; display: inline-block;">More info.</p>	<p><b>Feedback</b> Type 8697</p>  <p style="background-color: orange; color: white; padding: 2px; display: inline-block;">More info.</p>
--	---	--	---

**Valve system On/Off CLASSIC**

**Type 8801-DG-H**  
2033 + 8391

**Type 8801-DG-K 2033 + 8690**  
**Type 8801-GA-U 2033 + 8697**

For the configuration of further valve systems please use the "Request for quotation" in the datasheet 2033\_8801-DG
